

SONG DEDICATION

Valentine's Day is a significant day to express our gratitude to the special someone in our life.

This year, we had a song dedication during lunchtime the week before Valentine's. Students wrote messages and dedicated songs to celebrate love, friendship and appreciation.

Their messages were read out by our F.1 English Ambassadors. Music filled every corner of the school campus. Love was all around.

Don't give up when you face difficulties and unhappy things. There is always a way out!

There're wars in different parts of the world. I hope that there will be no war, no terrorism and no hatred. World peace is not far away.
